EXCEPTIONAL OFFICE PERFORMANCE

As our business is totally focused on the needs of the workplace, we have designed the FLAVIA CREATION® 200 specifically for these purposes:

- Freedom and confidence to get on with everything else in the workday, without the hassle
- Directly contributes to increased office interactions, higher levels of engagement and satisfaction, and improved productivity and morale*
- Sleek and compact design to fit your office or workplace
- Brews a full range of single-serve drinks including coffee shop specialities to satisfy everyone's needs
- Brews directly from pack to cup, eliminating taste contamination from one drink to the next
- When used unplumbed, the large tank capacity allows for 17 drinks to be brewed before refilling

It will be your partner in hitting sustainability targets too:

- An energy-saving mode that switches off energy-draining devices between 1 & 5 hours (the boiler and lights)
- Designed to heat only minimal amounts of water so energy is conserved
- Energy-efficient LED indicators

FLAVIA® BREWS BETTER

Our innovative single-serve brewing process:

STEP

1

SOURCE: We start with the highest quality ingredients – freshly roasted and ground coffee, real-leaf and herbal teas and premium hot chocolate.

STEP

2

SEAL: We pack our carefully sourced ingredients into the unique FLAVIA® Freshpack locking in their freshness and flavour.

STEP

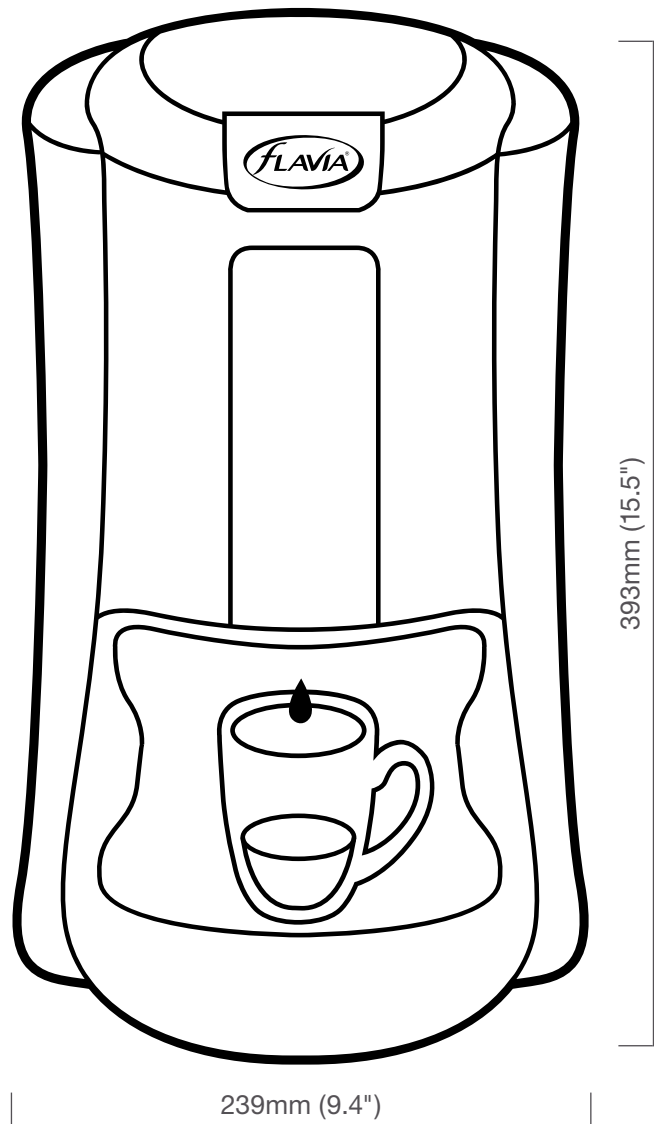

3

SERVE: We specially design the FLAVIA Freshpack to work with the FLAVIA brewer. Together they create an optimal brew cycle within every pack. Every drink is brewed directly from pack to cup with no taste contamination, giving a quality cup every time.
